

Letting us know about your plans

If you are thinking about leaving a legacy to the Academy of Medical Sciences, or if you have already taken steps to do so, it would be most helpful if you could complete and return this form.

Please be assured that returning this form is in no way binding. It does not commit you to a particular course of action, nor limit your freedom to alter your Will in the future. It simply indicates your current wishes.

All information received will be treated in strict confidence.

Indicating your support allows the Academy to plan for the future and, more importantly, enables us to acknowledge your generosity and thank you personally.
