 - data protection;
 - clinical practice; and
 - the research governance framework.

Under the governance framework, the Overseas Host Institution will act as the sponsor to the research supported by the Grant.

- iv. The UK Host Institution must have obtained any licences required and ensure it has complied with all legal and regulatory requirements for any part of the research that may be conducted in the UK, to be undertaken.  - viii. The Academy may at any time require the Host Institutions and the Applicants to report in a timely manner on the progress of their activities and/or to provide information about the date, time and location of the events being funded by the Grant. The Lead Applicant will allow the Academy's staff, Fellows or nominees to attend the events or activities being funded by the Grant.
