

Succeeding in Team Science

Collaboration, recognition and leadership

- 09.45 Registration
- 10.00 **Welcome and overview of Team Science landscape**
Chair: Professor George Davey Smith FMedSci
Director of the MRC Integrative Epidemiology Unit and Professor of Clinical Epidemiology at the University of Bristol
- 10.15 **Keynote address: Lessons from a Career in Team Science**
Professor Eleftheria Zeggini
Analytical Genomics of Complex Traits Group Leader, Wellcome Sanger Institute
- 11.00 Refreshments
- 11.20 **Team Science in Practice**
Dr Sawsan Khuri
This workshop is targeted at researchers already working in team science who wish to improve the effectiveness of their existing collaborations. The workshop will use the five stages of team dynamics as a backdrop to focus on trust, conflict resolution, and leadership
- 12.50 Lunch
- 13.40 **Team Science in Practice continued**
Dr Sawsan Khuri
- 15.10 Refreshments
- 15.20 **How team science leads to better science**
Professor Marcus R. Munafò
Professor of Biological Psychology, University of Bristol
- 15.50 **Open discussion chaired by George Davey Smith FMedSci**
Professor Marcus R. Munafò
Professor Eleftheria Zeggini
- 16.20 **Final thoughts**
Chair: Professor George Davey Smith FMedSci
- 16.30 Networking Reception with Academy Fellows
