Strategic plan
2017 - 2021
Academy of Medical Sciences

We are the UK National Academy representing the diversity of medical science. We are guided by the following values and characteristics:

- A Fellowship of the UK’s best biomedical and health researchers.
- An independent source of evidence-based and expert advice.
- Connected to, and respected by, decision makers.
- Global in our outlook, reach and influence.
- Adept at maximising our impact through partnership working.
- Catalytic, inclusive and accessible in our approach.
- Focused on realising cross-disciplinary opportunities across academia, industry and healthcare.
- Committed to improving and celebrating diversity - in all its forms - in the biomedical and health research community.
- Responsive to change and innovative in our solutions.
Our mission is to advance biomedical and health research and its translation into benefits for society.

Our work focuses on four key objectives:

- Promoting excellence
- Influencing research and policy
- Developing talented researchers
- Engaging patients, the public and professionals

Our elected Fellowship of the UK’s best biomedical and health researchers are at the heart of everything we do.
Our vision for 2021

We are working to secure a future in which:

- UK and global health is improved by the best research.
- The UK leads the world in biomedical and health research, and is renowned for the quality of its research outputs, talent and collaborations.
- Independent, high quality medical science advice informs the decisions that affect society.
- More people have a say in the future of health and research.
Our strategic challenges 2017-2021

1. To harness our expertise and convening power to tackle the biggest scientific and health challenges and opportunities facing our society.

2. To lead innovation in the development of research talent through funding and careers support.

3. To achieve influence and impact beyond the UK to improve health and well-being.

4. To become the exemplar of a ‘modern scientific academy’ – diverse, trusted, dynamic, relevant and accessible.

5. To enhance the Academy’s delivery capability, to make an even greater contribution to the UK and beyond.

For more information on how we will address these strategic challenges visit www.acmedsci.ac.uk/strategic-challenges
Support us

We cannot deliver this strategy without contributions from the individuals, trusts and organisations who support our work.

Our plans are ambitious and require us to build this supporter base over the coming months. To find out ways you can join our supporters and help us secure our vision for 2021, please visit www.acmedsci.ac.uk/supportus

Our Helix Group brings together donors who give £250 a year to support us to deliver independent policy advice and provide crucial support for early career researchers. To find out more and join the Helix Group please visit www.acmedsci.ac.uk/helix
