

Health Policy Implications of Climate Change

Wednesday 13th July 2022

YouTube Live: 6:00 – 7:30pm

In-person Event (including dinner): 5:30 – 9:30pm

Speakers:

- **Professor Chris Whitty CB FMedSci**, Chief Medical Officer for England
- **Revati Phalkey**, Head, Climate Change and Health Unit, UK Health Security Agency [TBC]
- **Professor Mike Tipton**, Trustee, The Physiological Society and Professor of Human and Applied Physiology, University of Portsmouth
- **Modi Mwatsama**, Head of Climate Interventions, Climate and Health, Wellcome Trust

Chaired by the Rt Hon Lord (David) Willetts, Chairman of the Foundation for Science and Technology

What are the implications for health as the climate continues to change - both in the UK and elsewhere? What should the health policy response be to changes in climate, and how do we build this into our plans for a low carbon future? In this event, we will explore these issues, and how the UK Government can respond to them.

Participating Online

The schedule for those participating online is:

6:00 – 7:40 pm Discussion event streamed on YouTube with speaker presentations and a Q&A panel session with the speakers forming a panel. The Chair will take questions from both the online and in-person audiences. Questions will be taken via Slido.

To register for the **online** session, click [here](#).
