

University College London Medical School

Implemented Activities

Seminar Series:

- 12 of UCL's clinical academics, covering the majority of the major medical specialities, gave talks about their career, research and how interested students can get more involved.

The InspireMEDicine Conference:

- The programme includes seminars by clinical academics from different specialties, practical workshops and a poster competition.

Research Studentships:

- Laboratory based projects in a UCL Biomedicine Research Group.

Impacts

Increased Exposure:

- Increased student exposure to the attractions of medical research by supporting a seminar programme by leading clinical academics.

Opportunities:

- Enabled more medical students to take part in hands-on research activities by supporting a summer laboratory placement scheme.

Enhanced Presentation Skills:

- Enhanced student research presentation skills by supporting student-led research conferences.

INSPIRE is coordinated by the Academy of Medical Sciences and supported by the Wellcome Trust. INSPIRE activities are designed and delivered locally by individual medical schools.
