

Swansea University Medical School

Implemented Activities

The Establishment of 'LORS':

- A student selected programme offering exposure to short 'Learning Opportunities in the Research Setting' wherein students can, from the first week of medical school choose short (half day) research activities to gain experience of.

The Establishment of a Student Research Society:

- A society established, led and maintained by students with support from the INSPIRE leads and INSPIRE funds. This provides a safe and supportive environment for students to discuss research ideas and projects.

'Biobreakfast':

- An event to highlight LORS and other research opportunities.

INSPIRE is coordinated by the Academy of Medical Sciences and supported by the Wellcome Trust. INSPIRE activities are designed and delivered locally by individual medical schools.
